

Diocesan Partnership visiting preachers.

The following people will be happy to visit other churches, benefices or Deaneries to preach, or speak at meetings, about the Diocesan Overseas Partnerships. Each will be able to speak about the Partnerships in general, and specifically about their particular Diocesan link. All have visited their link Dioceses, and are in regular communication with them. They will be able to come with a PowerPoint presentation.

Please note that, as all have their own parish responsibilities, it will be important to discuss and agree dates of visits well in advance.
