Living out Christ's love and hope

#say1thing

Bishop Rachel launched a week-long social media campaign last month, encouraging people to share one thing that they value in others, which is not about physical appearance. #say1thing is part of the wider #liedentity campaign, which raises awareness of body image anxiety in young people.

Bishop Rachel is sharing with young people the message that who you are, is more than how you look. She said, "On social media, young people face a barrage of insults about what they look like and they face huge anxiety about the pictures they post, hoping for likes and then often having to deal with terrible insults. We are living in a society where our value is being determined by what we look like, rather than who we are from the inside out." Keep the campaign going and #say1thing about your friends.
