

Guidelines for running a community-based pop-up sports pitch

Ensure the sports space is bookable online. <https://www.book-online.co.uk/> is a useful website to allow you to do this

Allow buffer periods between people using the space

Groups of up to 6 people are allowed (including any coach/facilitator)

All activities have to be outside

You can not use the space if you or anyone in that household has Coronavirus symptoms

Wash and sanitise your hands, clean equipment regularly, and after each group has used the area

Guidance can be changed at short notice and restrictions can be reintroduced

You must be 2 metres apart unless you are part of the same household

Equipment sharing should be kept to a minimum
